

Winter Weather

Safety Tips

- Stay home and avoid traveling during the storm
- Be cautious when walking under trees, near roofs, eaves and awnings
- Safely clear debris from storm water drains to help avoid flooding from snow melt
- Clear sidewalks and watch for black ice on walkways and in parking lots
- Never use a generator, charcoal or gas grill indoors to avoid [carbon monoxide poisoning](#)

Parents can visit <https://www.ready.gov/winter-toolkit> for more information on preparing for the winter weather.

Kids can visit <https://www.ready.gov/kids/know-the-facts/winter-storms-extreme-cold> to learn more about how to stay safe from the extreme cold weather.
