Emily Dickinson PTSA Fall 2011 Extra-Curricular Programs Descriptions

*** DRAMA KIDS ***

Taught by DramaKids and Lisa Loomis. We are so pleased to bring DramaKids back to Dickinson for another session. Enthusiastic students who learn to speak out clearly and relate confidently with others will have an inside track to lifetime success. Drama Kids develops all kids. We're a place where all children, from the shy to the outgoing can develop at their own pace, with plenty of positive encouragement. Our specialty is using a wide range of unique drama activities to focus the bold, outspoken child and to draw out the quiet child or the inarticulate child and help them reach into themselves to discover their full potential. Drama Kids International uses our famous copyrighted original curriculum in each class. Lessons are carefully planned so that students can enroll at any time and will never repeat a lesson regardless of when they enroll.

*** JR Cooking 1***

Please Join Karen Renfro-Gielgens for another great round of the Jr Chef Program. The kids always have fun learning about their food and how to prepare it. The program fee includes the cost of food and materials.

*** Art Club ***

We're excited to offer a terrific after-school art program at Dickinson! The fabulous Stephanie Allgood will help your student explore the world of art using a variety of media including pencil, watercolor, acrylics, oil pastels, collage and more! You will love the wonderful original works of art!

***Chess Club ***

Details available at www.chess4life.com

*** Jr Builders ***

LEAP4Kidz™ Jr Builders offers an integrated curriculum including math, science, history, language arts, and team decision making to children using LEGO® bricks. This is a hands-on class where students will build and design with Lego bricks. Student Builders will develop problem solving and critical thinking skills while learning, exploring, creating, and playing together.

*** Jr Builders ***

LEAP4Kidz™ Jr Robotics class offers an integrated curriculum including math, science, history, language arts, and team decision making to children using LEGO® bricks and LEGO Education software. This is a hands-on class where students will build and design with Lego and Technic bricks. Student Builders will develop problem solving and critical thinking skills while learning, exploring, creating, and playing together.

In our structured class, students work with Lego WEDO software to learn the basics of building simple machines, engineering principles, and beginning programming. Kids learn to interpret cause and effect and change results through creative problem solving of both the model and the software program.

***Sign language ***

Please join the PTSA in welcoming back the fantastic Sherae Forsyth, sign language instructor extraordinaire. Your kids will have fun while learning a skill they can carry through their whole lives. This class runs Friday mornings only.

Dickinson PTSA Extra Curricular Programs Fall 2011 Registration Form

Please complete the form below, ATTACH YOUR PAYMENT, and return to school. All registrations must be received by September 30, 2011

Please submit one registration form and one check for each class you are registering for. Additional copies of this form are available on the PTSA website and in the lobby of the school. Submit registration forms and checks in an envelope marked : attn. PTSA programs, and return to the school.

Please make out checks to Dickinson PTSA

Forms submitted without payment WILL NOT BE REGISTERED. The ONLY exception to this is Chess club. You will pay Chess club directly through their system after your registration form has been received. YOU DO NEED TO COMPLETE THIS FORM TO REGISTER FOR CHESSCLUB.

Participants registering for any class where registration exceeds capacity will be chosen by lottery.

You will be required to chaperone a class, or have a ptsa member fulfill your obligation. This is a PTSA requirement of all EC Programs
